

Reception (ELG) Maths Programme of Study

<p>ELG: We will explore and represent patterns within numbers up to 10, including evens and odds, double facts</p>						
<p>We will explore composition of numbers to 10.</p> <p>ELG: We will have a deep understanding of number to 10, including the composition of each number</p>						
<p>We will understand the 'one more than/ one less than' relationship between consecutive numbers.</p>						
<p>We will compare numbers</p> <p>ELG: Compare quantities up to 10 in different contexts, recognising when one quantity is greater than, less than or the same as the other quantity</p>						
<p>We will count beyond 10</p> <p>ELG: We will verbally count beyond 20, recognising patterns of the counting system.</p>						
<p>We will link the number symbol (numeral) with its cardinal number value</p>					<p>We will continue, copy and create repeating patterns</p>	
<p>We will subitise</p> <p>ELG: We will subitise (without counting) up to 5.</p>	<p>ELG: We will know double facts</p>				<p>We will compose and decompose shapes so that we recognise a shapes can have other shapes within it, just as numbers can.</p>	
<p>We will count objects, actions and sounds</p>	<p>We will automatically recall number bonds for numbers 0-5 and some to 10.</p> <p>ELG: We will automatically recall number bonds up to 5 (including subtraction facts) and some number bonds to 10</p>	<p>ELG: We will explore and represent how quantities can be distributed equally</p>	<p>Not applicable</p>	<p>We will compare length, weight and capacity</p>	<p>We will select, rotate and manipulate shapes to develop spatial reasoning skills</p>	<p>Not applicable</p>
<p>NUMBER, PLACE VALUE & ROUNDING</p>	<p>ADDITION & SUBTRACTION</p>	<p>MULTIPLICATION & DIVISION</p>	<p>FRACTIONS</p>	<p>MEASURES</p>	<p>GEOMETRY</p>	<p>DATA</p>
